## Improve your company's safety practices

Dear Sir/ Mdm,

Based on our enforcement records, your company's workplace safety and health (WSH) performance has been assessed to be good.

Your company's WSH Performance in comparison to all other construction companies

You should meet your safety personnel regularly and keep yourself updated on the WSH practices at your worksite(s) and make any changes where necessary.

Your leadership support can make a big impact on your company's WSH performance.

MOM will continue to make regular checks at your construction site(s). We hope to see you make continuous improvements in your safety practices.

Yours sincerely,  
Sebastian Tan  
Deputy Director, Occupational Safety & Health Inspectorate

### What you can do

Meet your safety personnel regularly to be updated on WSH practices at your work sites

Use the free WSH resources available at <https://www.wshc.sg>

Stay updated by attending WSH-related events

#### IMPORTANT

Companies who are in the poor or very poor bands are:

- 4 times more likely to experience a fatality as compared to average and good companies;
- Almost 20 times more likely to be issued with a Stop Work Order.
